STD XII TOPPER INTERVIEW

My parents, teachers and principal mam has inspired and motivated me constantly. Their belief in me kept me going. Believe in yourself. Stay consistent, revise regularly, and don't let failures break your confidence. Work smart and take care of your health too. You don't need to be the smartest—you just need to be consistent. Work hard even when no one is watching. Believe in the process. Trust yourself. And remember: Success doesn't come overnight—it comes with quiet effort, every single day. You don't need to study 16 hours a day. What you need is focus. Never give up.....
